

On the second week of Advent I am sending you good news about the continuation of the **Women & Spirit California Exhibit**.

Just launched is the “virtual museum” an online version of the photos, artifacts, videos and captions from the original exhibit. It can be found at <http://womenandspiritcaliforniaonline.com/>

The traveling exhibit suitable for display in churches, schools, hospitals and special events can be reserved at <http://womenandspiritcalifornia.com>.

Press releases about both exhibits will be available in the New Year.
