

Women Religious Making a Difference!

November 17-21, 2014

Catholic Sisters from across the country, along with their friends and families are coming to New Orleans for **Nun's Build** to rebuild the homes and lives of Katrina survivors.

On-site skilled site supervisors will teach volunteers how to install insulation, drywall and trim on multiple houses over the course of five days. **Sisters of all skill levels are encouraged to participate.**

There are up to 6,000 families that own homes they cannot afford to rebuild across the city.

The people of New Orleans need your help. Volunteer for one day, or volunteer for all!

To Register for Nun's Build visit:

For more information on Nun's Build activities please contact:

Sister Monica Gundler, SC (513) 504-5592 or nunsbuild@yahoo.com

Volunteer.

Make it a *Habit.*

About St. Bernard Project:

•St. Bernard Project's mission is to ensure that at-risk and disaster impacted communities have the resources to prepare and recover in the most prompt, efficient, and predictable way possible.

•Now working in New Orleans, Joplin, New York, and New Jersey, SBP has rebuilt over 700 homes and reached out to over 10,000 families to offer help.

•SBP still has 130 clients on the waiting list, with an average of 10 calls per week
